Founded in 1992, our Club is for those interested in collecting automobile-related items, such as advertising signs and literature, radiator badges, body badges, identification plates, motoring club badges, mascots, hub caps, spark plugs, number plates, garage tools and equipment, motor manuals, motoring accessories, and pedal cars. In addition, our members collect the vast range of oil industry-related items such as petrol pumps both manual and electric, oil bottles their tops and racks, petrol, oil and grease tins, boxes for 2 x 4 gallon tins, advertising signs, road maps, ephemera, historical photos, advertising material and associated pieces.
